Our Graduates Explain Why:

"The DFA - Tax Services Specialist stream of courses teach not only the practical application of tax legislation and interpretation, but also what is probably the most advantageous skill set: How to Think. The courses give you the information required, but not on a platter. You need to develop the ability to think in order to apply the lessons learned in a practical manner."

Alan R., MFA[™], DFA - Tax Services Specialist[™], ON

"Completing the DFA-Bookkeeping Specialist Program has helped me to achieve the quality of knowledge and professionalism to meet client needs for bookkeeping and corporate tax services."

Michelle S., DFA - Bookkeeping Services Specialist[™], AB

"Obtaining my MFA designation and having the ability to tap into the Knowledge Bureau "toolbox" is invaluable. This extra education has deepened my knowledge in my profession; plus, having access to cutting-edge resources increases my credibility and fosters trust with my clients."

Dani W., MFA - Retirement Services Specialist[™], SK

"I have found the MFA program to be extremely useful in dealing with my business owner clients. Previously I was working on another program and found that it was extremely theoretical and not useful for what I was doing."

Don S., MFA - Business Tax Services Specialist[™], MB

"A well-organized and comprehensive course written in simple, easy to understand language. The audio presentation is excellent as well. I have learned the principles in Real Wealth Management, its process and applications. I liked all the different calculators to assist in financial decision making. I enjoyed the audio presentation that outlines each lesson's key learning objectives, which is an excellent supplement to the Knowledge Journal. Excellent tax research explanatory notes."

Richard L., RWM[™], ON

"The Strategic Business Planning course is an excellent guide for me. I have identified a need that currently is not being met in the marketplace and I'm using this course to develop a new business model, strategy and plan to adequately meet these other needs."

Kareen R., MFA[™], DFA - Tax Services Specialist[™], ON,
